

Remote Desktop for MacOS

Sign up for BuckeyePass

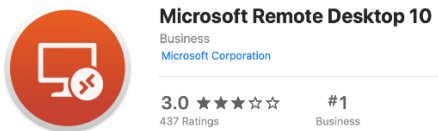

1. Go to <https://buckeyepass.osu.edu> and click on the "Enroll / Manage" button on the right side.
2. Follow the steps to sign up and enroll a device.
3. Call (614) 688-HELP if you have questions or problems.

Install Microsoft Remote Desktop

1. Download and install the latest Remote Desktop application from the app store:
<https://itunes.apple.com/us/app/microsoft-remote-desktop-10/id1295203466>

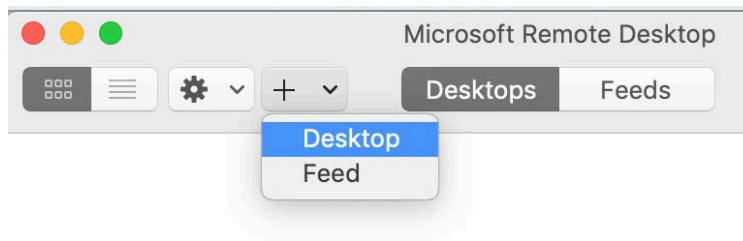

1. If this link does not work, open the App Store on your Mac and search for "Microsoft Remote Desktop 10"

2. Install the Microsoft Remote Desktop 10 application

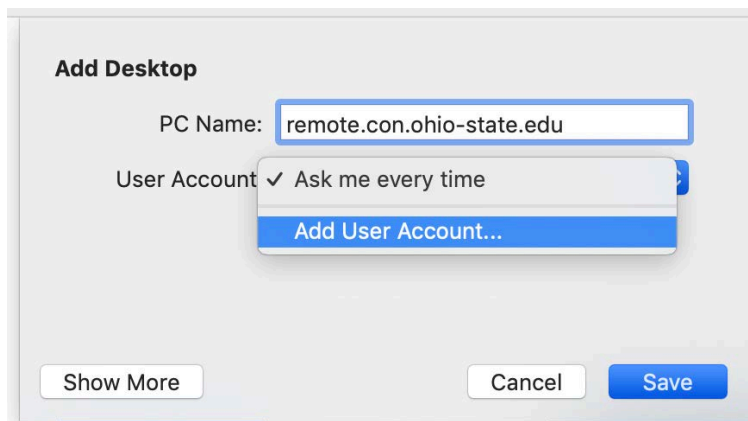

Configure Remote Desktop Connection

1. Open the Microsoft Remote Desktop Connection application from the Applications folder in the Finder
2. Click the + sign and Desktop to add a new connection.

3. Fill out the following information:
- **PCname:** remote.con.ohio-state.edu
 - Click on User Account and then choose Add User Account

Add User Account

User Name: osucan\smith.1234

Password: ●●●●●●●●●●

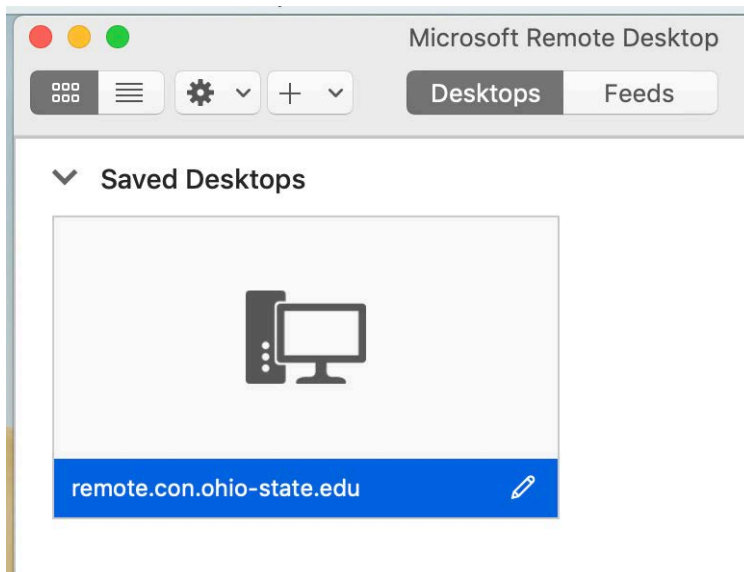

Friendly Name: Optional

Cancel Save

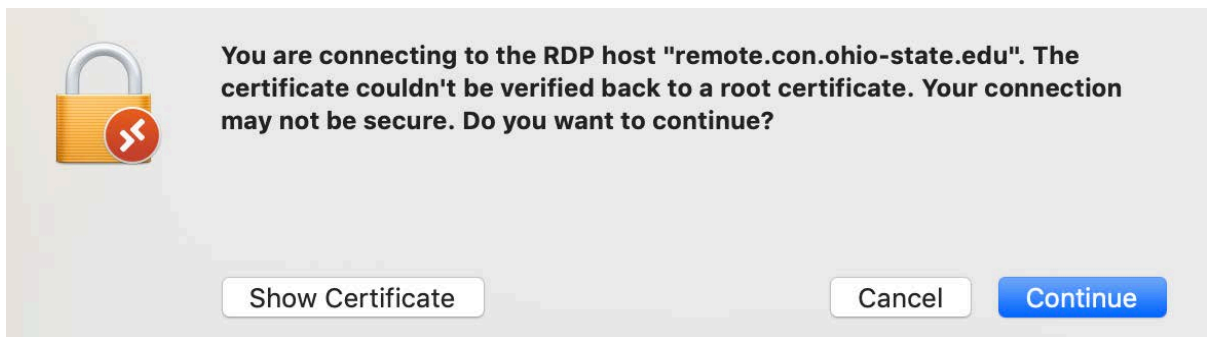

- **User name:** OSUCON\name.# (Where name.# is your OSU username)
- **Password:** [Your OSU password]
- If you do not know your OSU password, visit <https://my.osu.edu> to reset it.
- Click Save when finished to save the connection.

Connect to the Remote Desktop Server

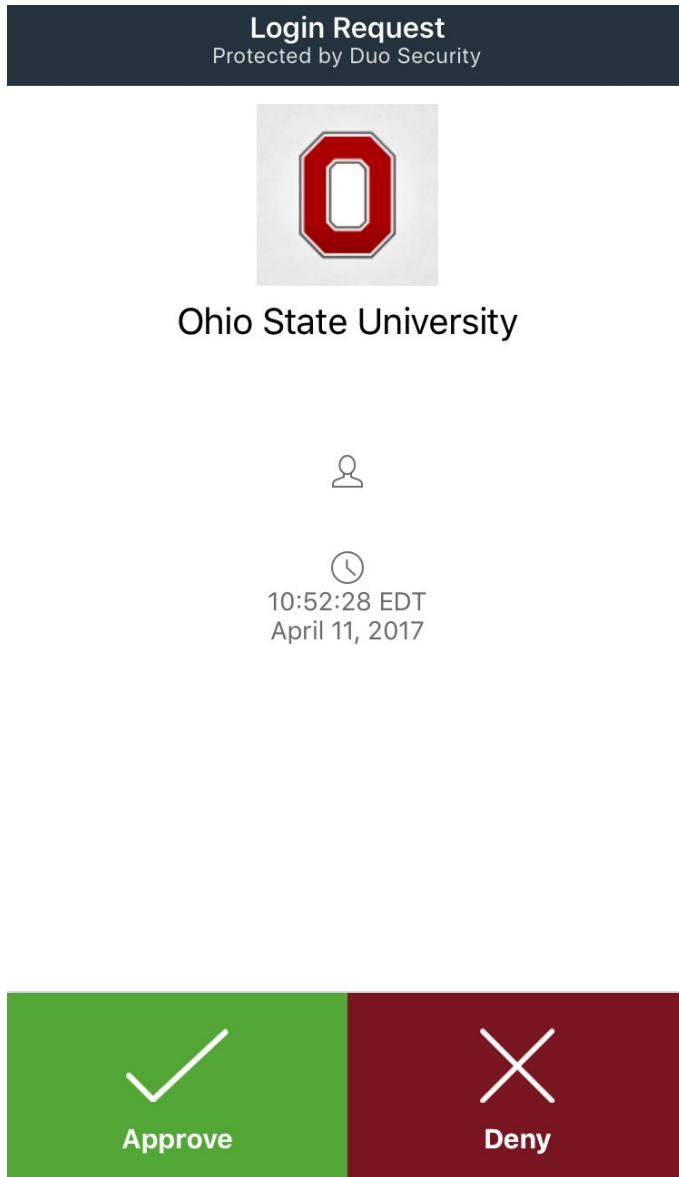

1. Double click the connection you have just created to launch the Remote Desktop session.

If you see the following error message, go ahead and click on Continue.

2. You will receive a push notification on your mobile device.

3. Once you approve the request, you will be connected to the Remote Desktop Server.
